# Honey Bear Premium Soy Candles

**\$12.00 Each**

**Go Green**

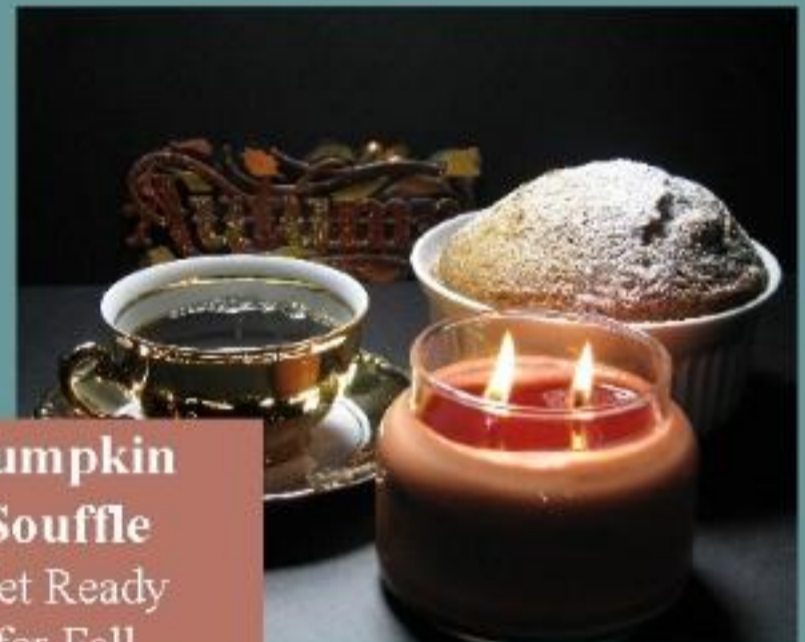

100% all natural soy wax. Our candles contain no paraffin which means no petroleum. Soy candles burn 50% longer than paraffin candles. We use only cotton coreless wicks to aid in a "clean burn" with no lead or metal. We use high quality "fragrance oils" giving our candles the best fragrant throw possible throughout the life of the candle. Our soy candles are hand poured and made in the USA.
